SUMMARY

Aspiring Machine Learning Engineer and final-year student with a strong foundation in programming, data science, and AI-driven development. Hands-on experience designing and training predictive models through academic projects. Combines a detail-oriented approach to code quality with a drive to solve real-world problems using data-driven solutions.

EDUCATION

Meenakshi Sundararajan Engineering College, Chennai <i>Bachelor of Information Technology</i>	SEPT. 2023 - MAY 2027 CGPA: 8.94/10
Prince Srivari Senior Secondary School, Chennai <i>12th Grade (CBSE)</i>	APRIL 2022 - MAY 2023 PERCENTAGE: 92.4%
Prince Srivari Senior Secondary School, Chennai <i>10th Grade (CBSE)</i>	APRIL 2020 - MAY 2021 PERCENTAGE: 86%

PROJECTS

- **FedShield: Privacy-Preserving Federated Fraud Detection System with Differential Privacy (Jan 2026 – Present):** Developed a privacy-preserving federated fraud detection system using Flower, Differential Privacy, and secure aggregation, combining machine learning and network security to enable secure collaborative banking fraud detection (~94% accuracy).
- **Smart Learning Platform for Children with Dyslexia (Jul 2025 – Dec 2025):** Developed an AI-powered learning platform for dyslexic students using MERN and Python, integrating CNN-based handwriting recognition and speech processing, deployed on Vercel and Render.
LINK: <https://the-smart-learning-platform.vercel.app>
- **AI-Powered Gardening Assistant (Feb 2025 – May 2025):** Developed a CNN-based plant disease detection system achieving 93% accuracy, integrated with a chatbot for real-time plant care recommendations, and deployed using FastAPI, React.js, and MongoDB.
LINK: <https://leafy-chatbot.vercel.app>

SKILLS

- **Languages:** Python, Java
- **Frameworks & Web Technologies:** Flask, FastAPI, HTML, CSS
- **Databases:** MySQL, MongoDB
- **Tools & Technologies:** Git, GitHub, VS Code, Render, Vercel
- **Data & Visualization:** NumPy, Pandas, Matplotlib
- **Machine Learning:** TensorFlow, Automatic Speech Recognition (ASR)
- **Soft Skills:** Communication, Critical Thinking, Leadership, Teamwork, Time Management, Multitasking

LANGUAGES KNOWN

- English (Professional Working Proficiency)
- Tamil (Proficiency in speaking and writing)
- Marathi (Conversational Proficiency)
- Hindi (Beginner Level)

COMPETITIONS & CONFERENCE

- **HICET International Conference (Feb 2026):** Presented a research paper on an AI-based intrusion detection system for multiplayer cheat detection, achieving 93% accuracy with 1.5–2s latency using hybrid ML models.
- **Hackintym 2.0 – Meenakshi Sundararajan Engineering College (Sep 2025):** Selected among the Top 10 teams for developing an AI-powered customer support system with intelligent categorization, duplicate detection, priority assessment, and automated response generation.
- **Xplore'25 – Loyola-ICAM College of Engineering and Technology (Aug 2025):** Presented a paper on customer personality prediction using machine learning for personalized, data-driven marketing strategies.

EXPERIENCE

- **Python FastAPI Intern - Hexaware Technologies (Apr 2026 - Present):** Developing RESTful APIs using Python and FastAPI for backend development and API integration.
- **Secretary – DevDynasty Club, Meenakshi Sundararajan Engineering College (Aug 2025 – Present):** Led and coordinated 3+ technical events, driving engagement among 100+ students and fostering collaboration within the campus community.
- **Software Intern – Intelizign Lifecycle Services Pvt. Ltd., Chennai (Jun 2025 – Jul 2025):** Developed a machine learning-based stock price prediction model using Python, applying data preprocessing and feature engineering techniques in a real-world development environment.
